UPDATE REGARDING CODIFIED BULLETINS

1. 60 Bulletins (regulatory policies) currently exist.
2. 55 of the 60 Bulletins (92%) have been codified in accordance with the Administrative Procedure Act. These Bulletins have been assigned Louisiana Administrative Code Part Numbers.
3. 5 of the 60 Bulletins (8%) have not been codified.
4. 55 of the 60 codified Bulletins (92%) are on-line at the Office of the State Register's website. These on-line Bulletins can be easily accessed through the BESE website (<http://www.louisianaschools.net/lde/bese/home.html>) by clicking on BESE Policies. Scroll to the appropriate link and click on the desired Bulletin. The Office of the State Register has agreed to update all BESE/LDE on-line codified Bulletins monthly as Rules are finally adopted. Therefore, the 55 codified Bulletins currently on-line will always be up-to-date.
5. 2 new Bulletins (119 and 127) will go on-line as soon as they are finally adopted by BESE. The anticipated final adoption date for Bulletin 119 is undetermined at this time. The anticipated final adoption date for Bulletin 127 is November 2008.

In addition, the Office of the State Register has plans to compile all codified education policy into one book, which will contain all Bulletins that have been codified through the *Louisiana Register*. An updated version of the book will be printed every other year and may be purchased through the Office of the State Register.

Regulatory Publications

State Plans - State policies and procedures adopted in accordance with federal administrative procedures for the expenditure of federal funds. State Education Agencies (SEA) must make the proposed policies and procedures available to the general public, hold public hearings, and provide an opportunity for comment by the general public. Once the state plan is approved by the U.S. Secretary of Education, the SEA must give official notice that the policies and procedures are approved and make the plan accessible to any interested persons. State Plans are referenced in the Louisiana Administrative Code, Title 28 - Education, Part I. Board of Elementary and Secondary Education, Chapter 13. Regulatory Documents, §1307. Federal Eligibility Documents.

Regulatory Publications

Bulletins - State policies and procedures adopted in response to state statutory requirements, most noticeably Louisiana Revised Statutes, Title 17. Policies and procedures must be adopted by BESE in accordance with Louisiana's Administrative Procedure Act (APA) and, once adopted, have the force and effect of law. The *Louisiana Register* requires that these policies and procedures be codified, adhering to a prescribed uniform system of indexing, numbering, arrangement of text, and citation of authority and historical notes. APA requirements include an advertisement and comment period as well as oversight procedures for the Legislature. Bulletins, rulemaking, and amendments are referenced in the Louisiana Administrative Code, Title 28 - Education, Part I. Board of Elementary and Secondary Education, Chapter 13. Regulatory Documents, §1301 – §1305.
